

NOTIFICATION OF RIGHTS UNDER FERPA FOR POSTSECONDARY INSTITUTIONS
July 2024

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their educational records. These rights include:

1. The right to inspect and review the student's education records within 45 days of the day Jersey College receives a request for access.

Students should submit to the Administration Office, a written request that identifies the record(s) the student wishes to inspect. The Administration Office will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the Administration Office, the Administration Office shall advise the student of the correct official to whom the request should be addressed.

2. The right to request the amendment of the student's education records that the student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Students may ask Jersey College to amend a record by writing the official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed. If the College decides not to amend the record as requested, the College will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

3. The right to provide written consent before Jersey College discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.
